## How Does it Work?

The **Academy Private Dental Plan** works similar to many dental plans on the market. You pay a monthly membership fee for benefit coverage on your dental expenses. The plan is designed to cover preventive services such as cleanings and oral exams. This provides coverage that can be budgeted at an affordable monthly expense while receiving good benefits for your higher cost dental service.

## Who Administers the Plan?

Academy Family Dentistry administers the **Academy Private Dental Plan** and works with you, the patient, directly to make all dental service decisions. There is no need to contact a 3rd party company for information. All questions regarding plan coverage, verifying benefits, changing coverage types, or any other questions should be directed to us here at Dr. O'Shea's office.

## How Do I Use a Specialist?

All dental services covered by the **Academy Private Dental Plan** are designed to be done at our office here at Academy Family Dentistry. We may refer a patient to a specialist who performs other services that the patient may need, which is not covered by the Plan. Dr. O'Shea has a complete listing of highly recommended specialists.

## Why the Program Works

If asked, most people would agree that decisions about dentistry are best made between the patient and their dentist, without a third-party company's involvement.

The **Academy Private Dental Plan** is different! It has been designed to provide you and your family with affordable preventive dental coverage, your dentist owns and administers.

Not only does the Prevention Plus Plan provide excellent coverage on preventive dentistry, the plan offers good coverage on major dental procedures like crowns, root canals, bridges, and dentures.

Since your **Academy Private Dental Plan** is not administered by a third party insurance company, all the decisions regarding your dental treatment may be decided by you and your dentist – Dr. Tom O'Shea, without the need for claim forms, approvals, deductibles, or waiting periods.
